Hi, Melissa.

Can you put together a 2-3 sentence write-up that I can forward to the Contract Officer out there in HQ? It sounds like the potential Cargill work would fit into the scope of work for the HQ OCPD mission support contract, and I just need to get something to them to get into the queue, pending a determination of capacity.

Hi, Jason.

It looks like the Cargill work will fit into the scope of work of the OCPD mission support contract, but there may be capacity issues. Can you provide a 2-3 sentence write-up that I can forward to Chris? I know the amount is about 100 K max, which I don't remember if I gave him a specific number last week.

Thanks,  
Allan

Allan,

From your voicemail, it sounds like the work would be consistent with the scope of the contract; however, we are running into capacity issues right now.

If you want to write up a 2 or 3 sentence summary along with an estimated dollar amount, we can put you on the standby list, but I would not count on being able to access the OCPD contract.
